Accuracy by prime type and duration (Group level)

Accuracy by prime type and duration (Subject level)

P(Correct)

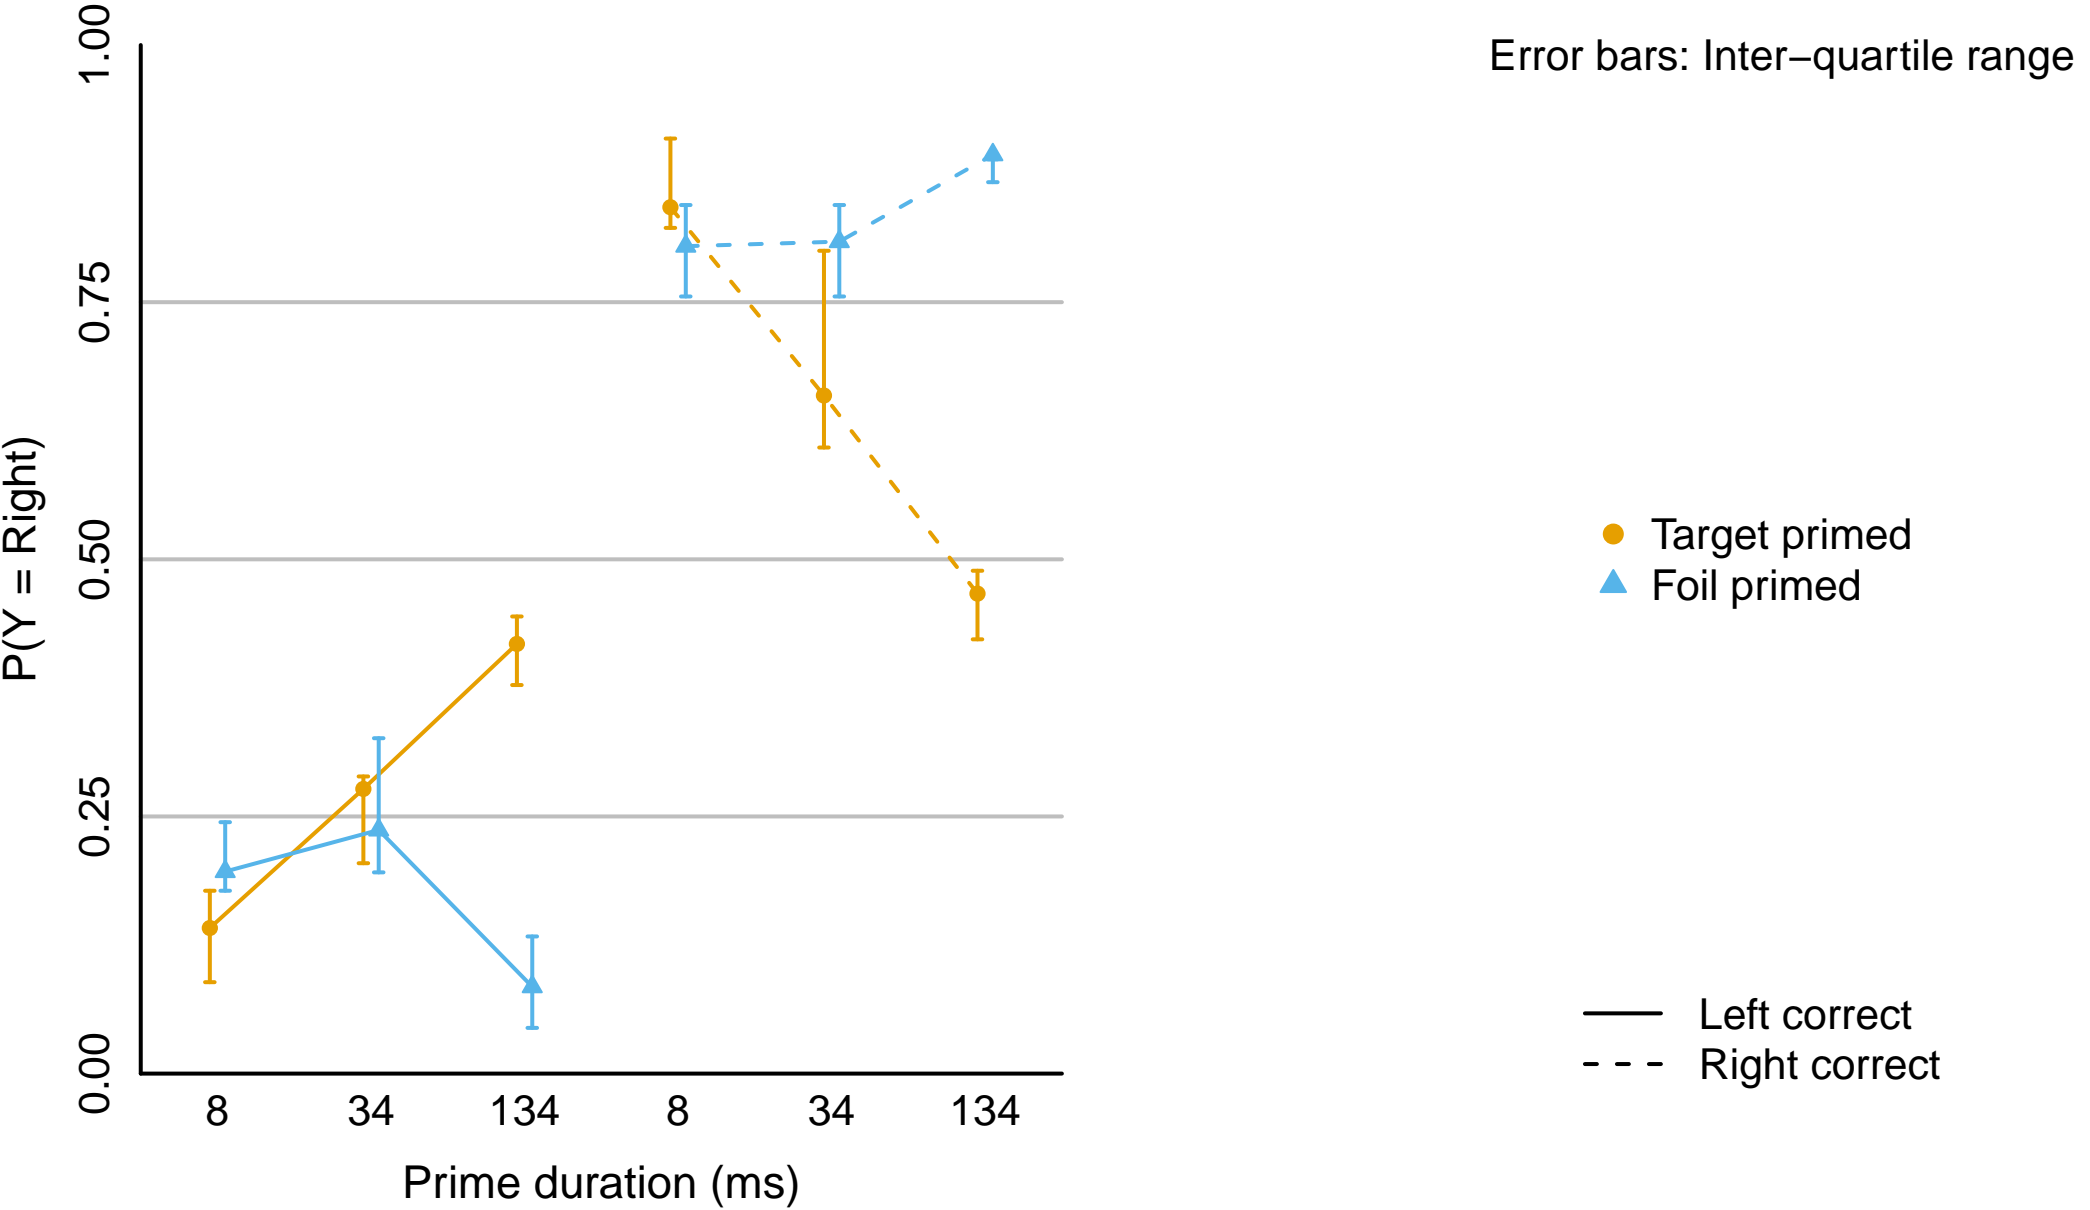

Error bars: 68% (Binomial)

● Target primed
▲ Foil primed

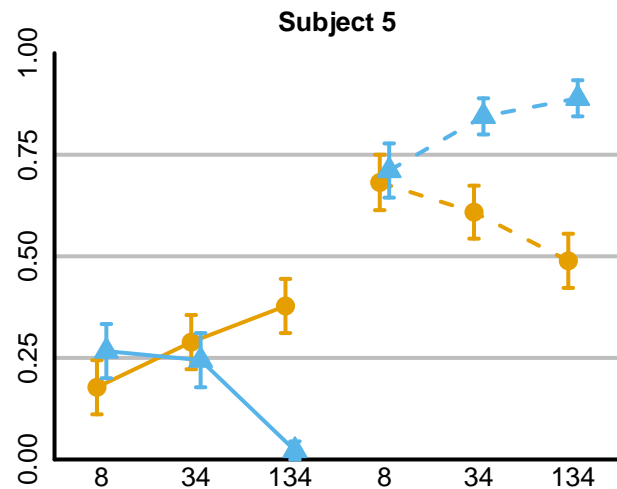

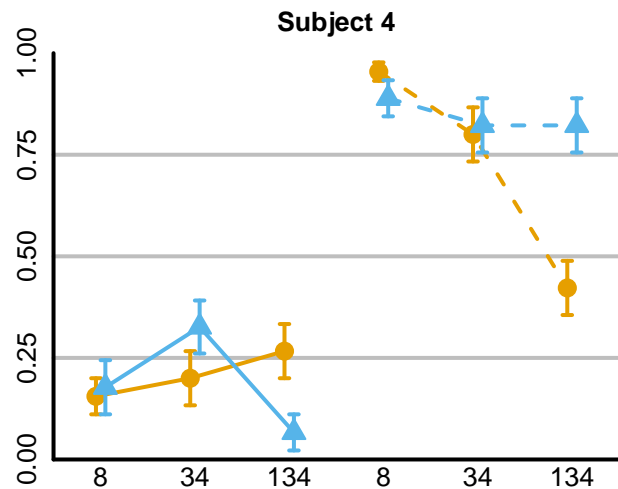

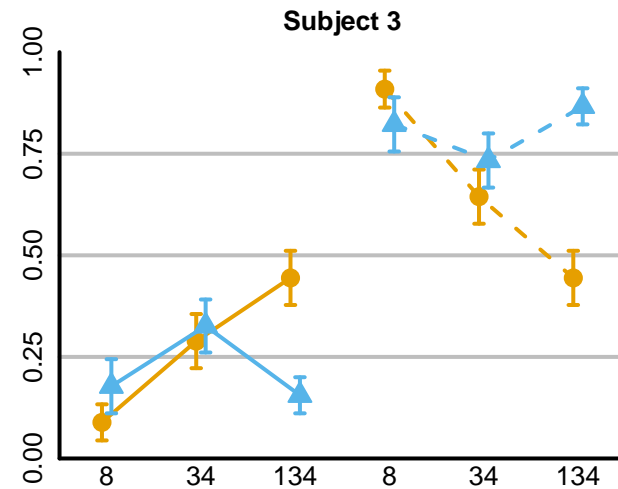

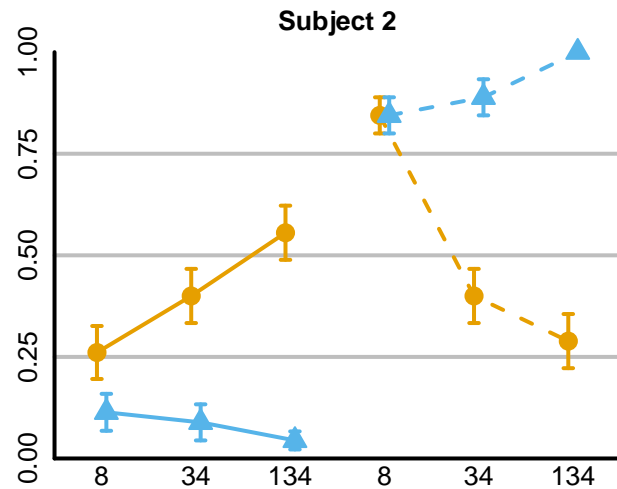

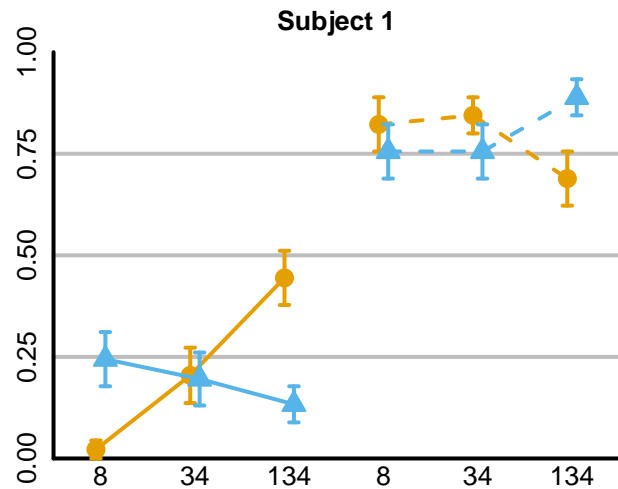

Prime duration

Choice by target type, prime type and duration (Group level)

Choice by target type, prime type and duration (Subject level)

P(Y = Right)

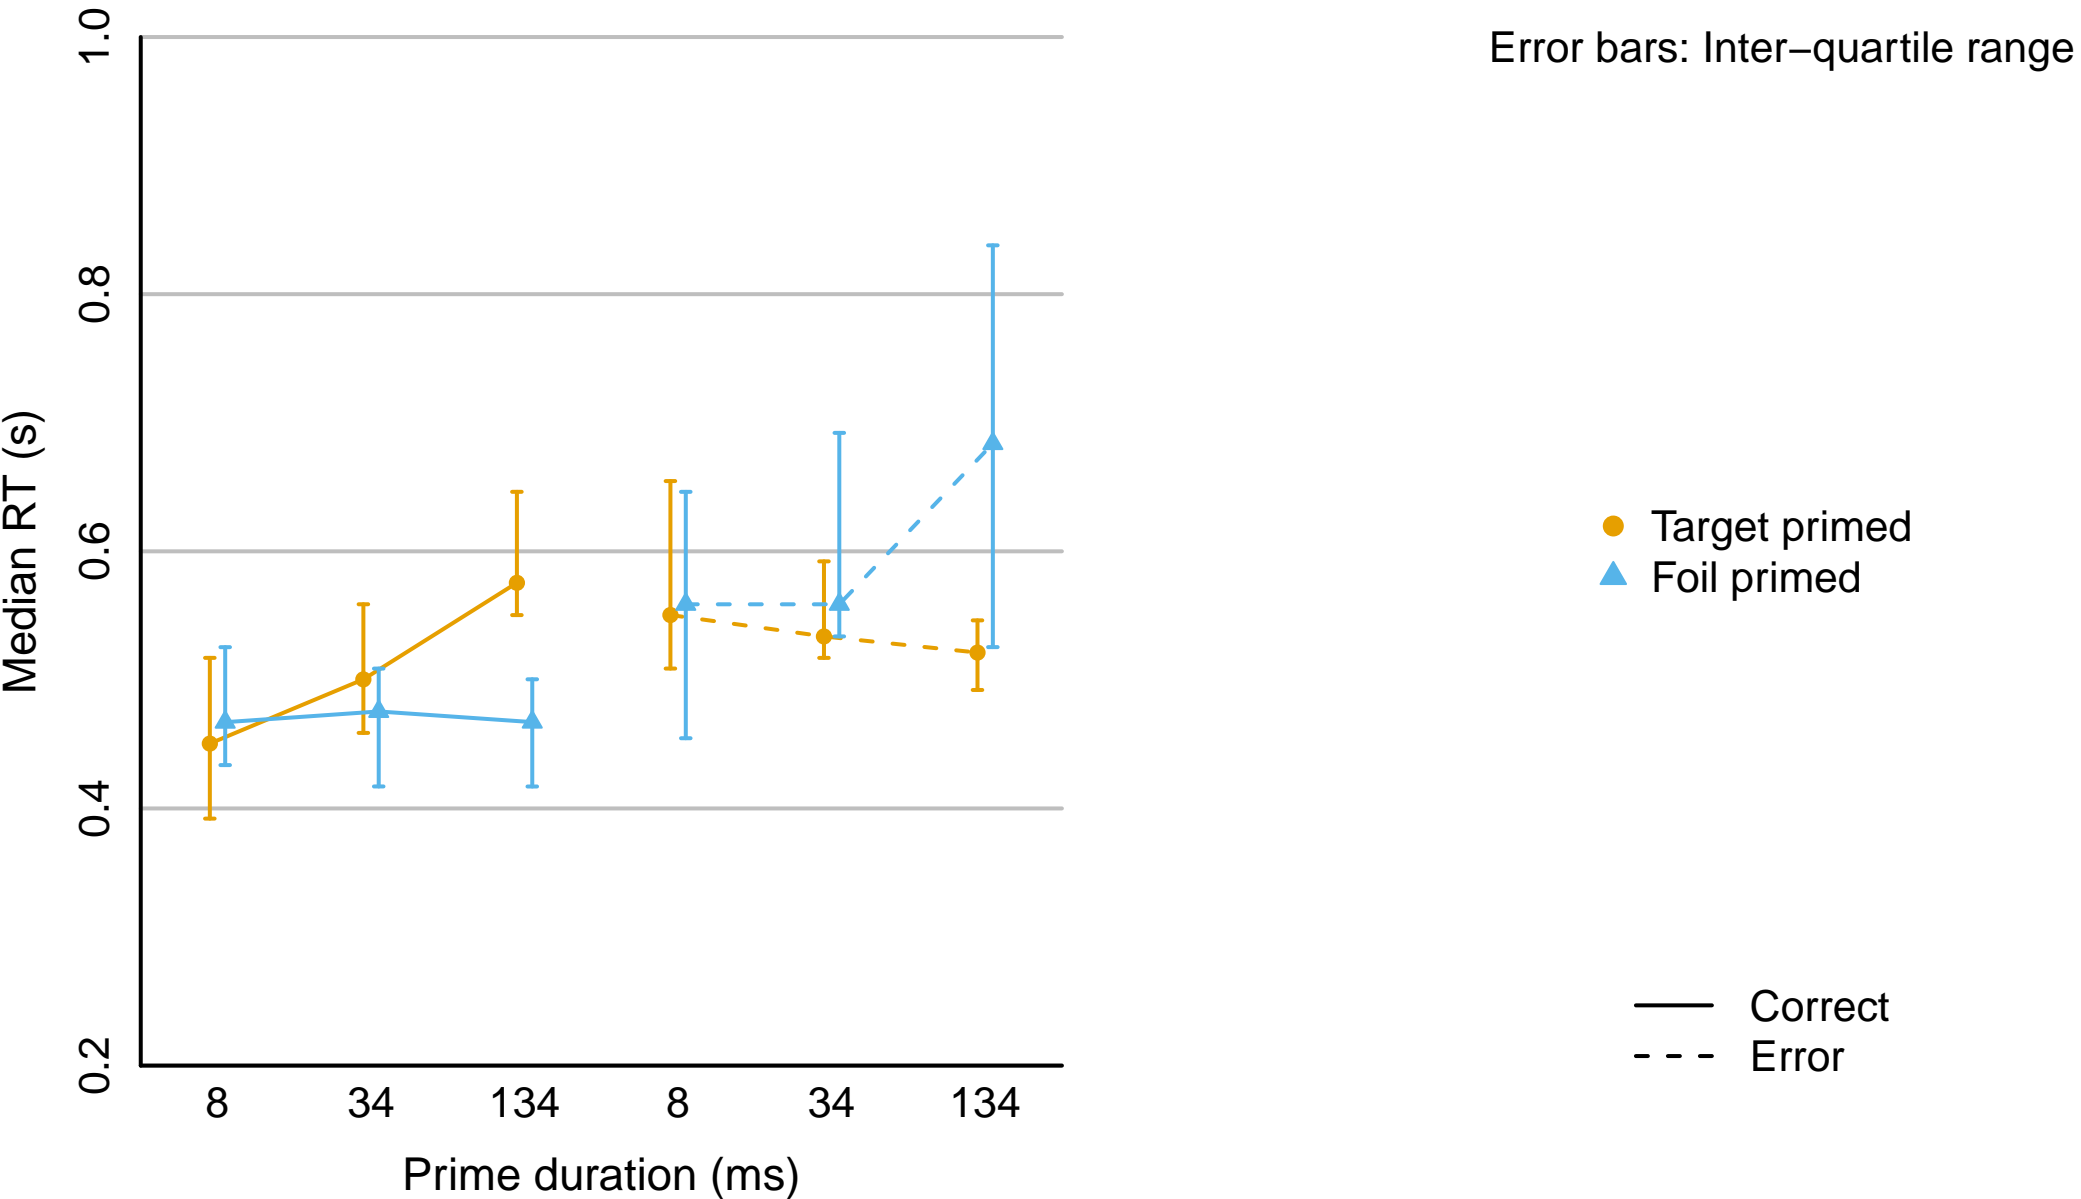

Error bars: 68% (Binomial)

● Target primed
▲ Foil primed

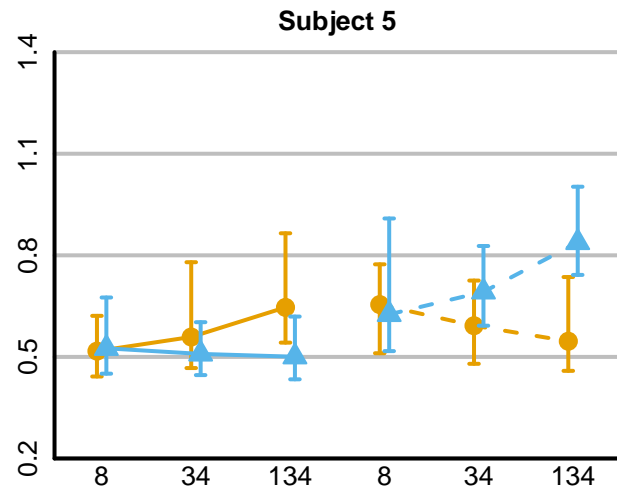

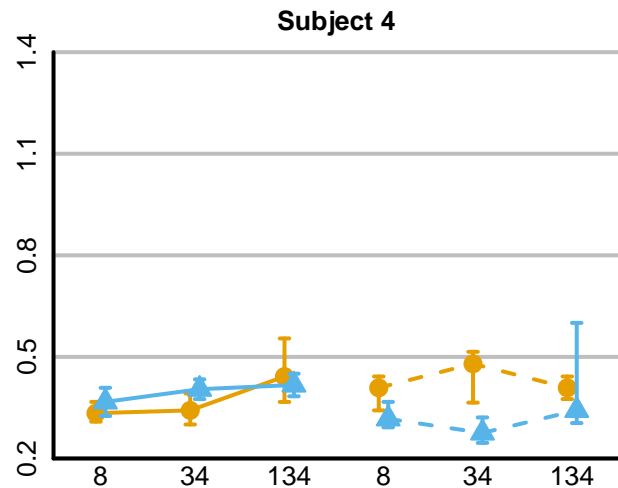

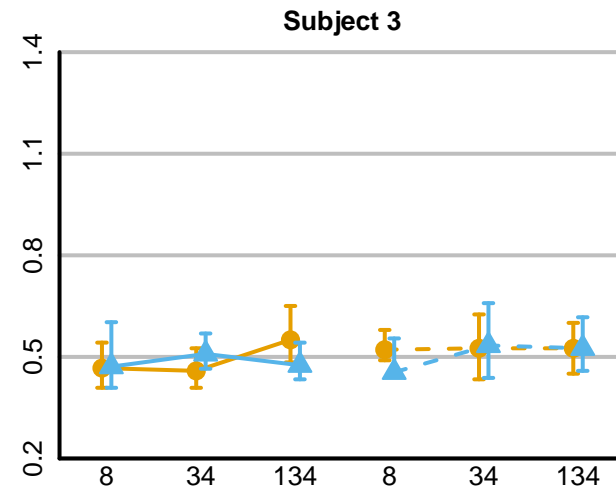

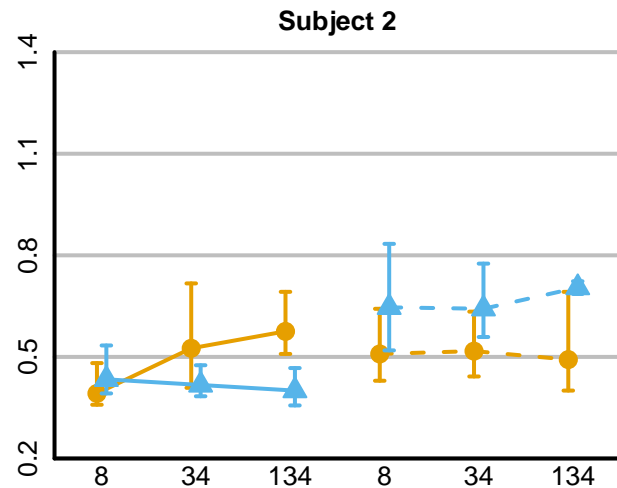

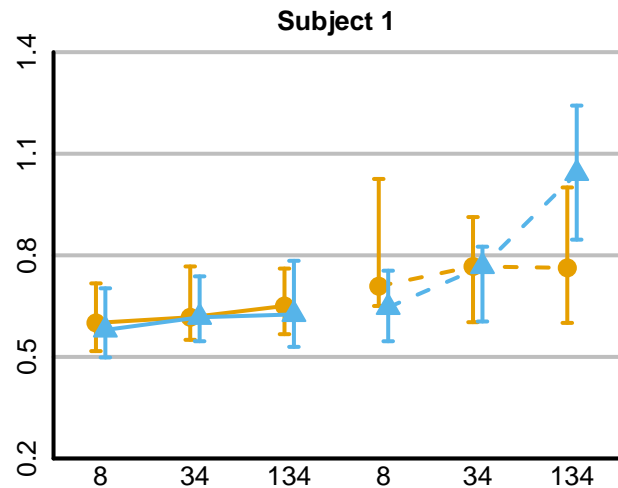

Prime duration

Response time by prime type and duration (Group level)

Response time by prime type and duration (Subject level)

Median RT(s)

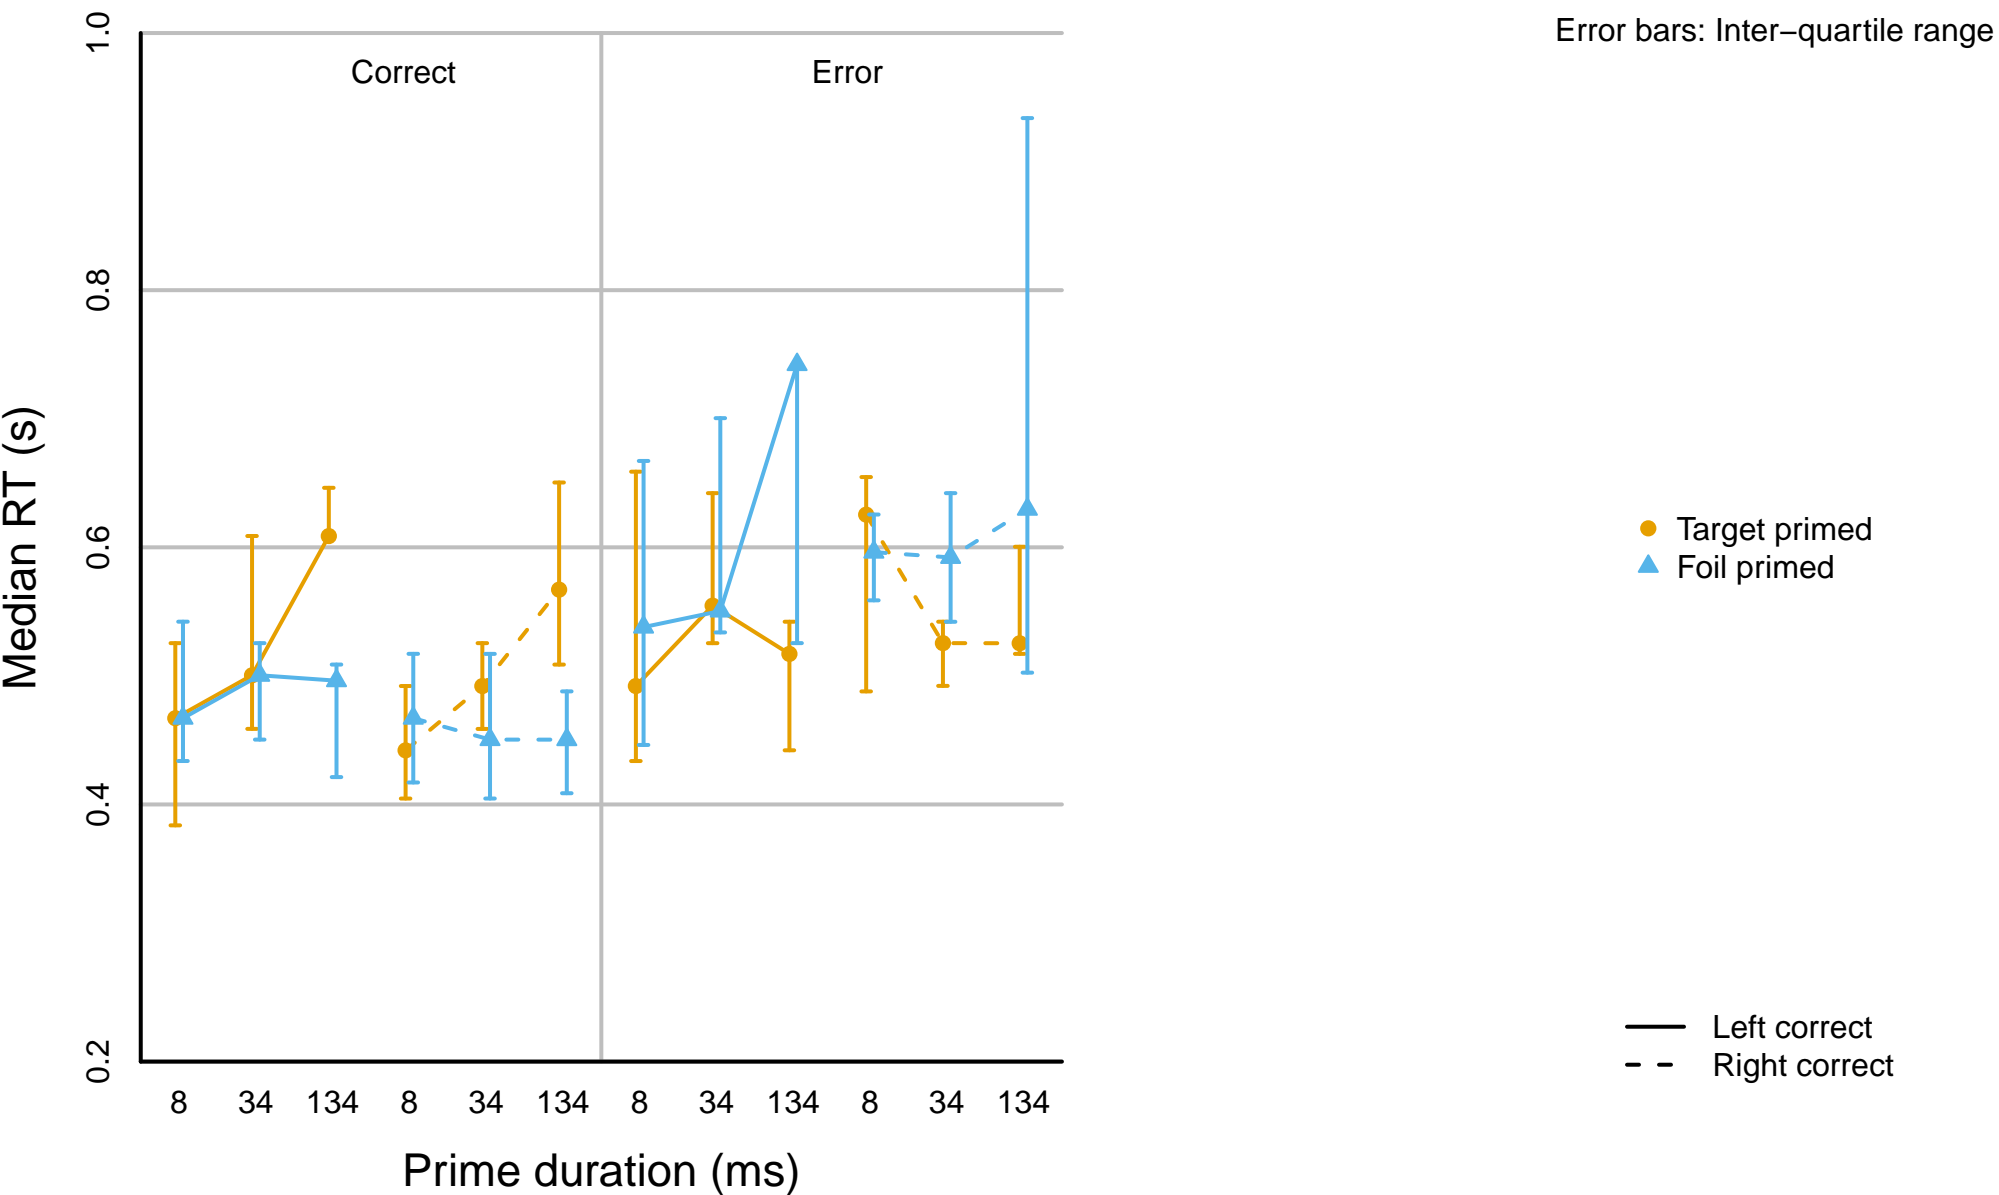

Error bars: Inter-quartile range

● Target primed
▲ Foil primed

— Correct
- - Error

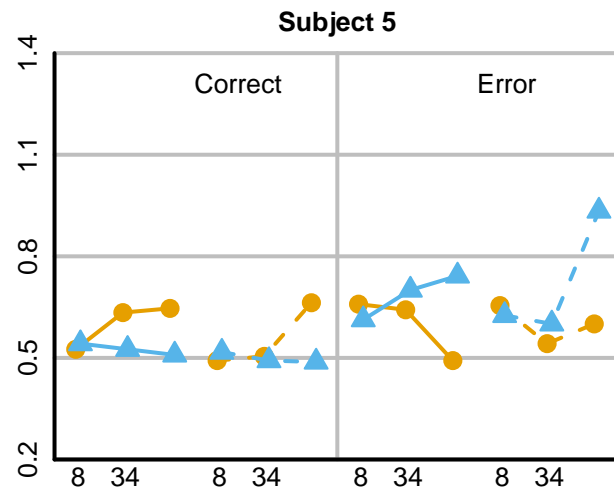

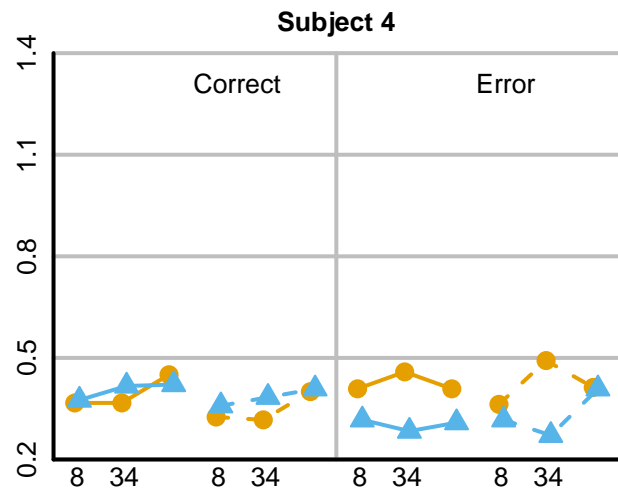

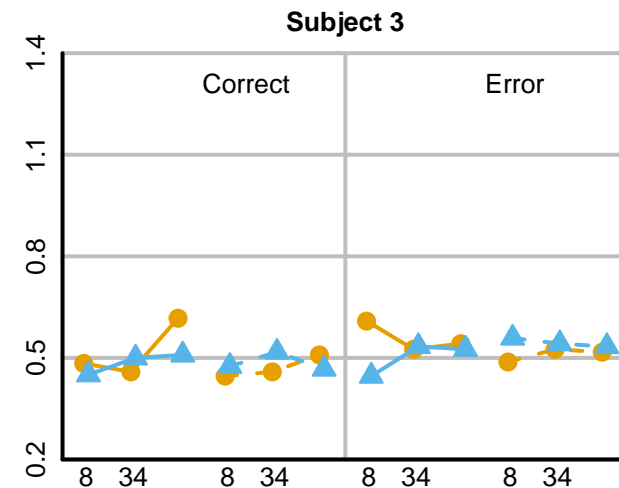

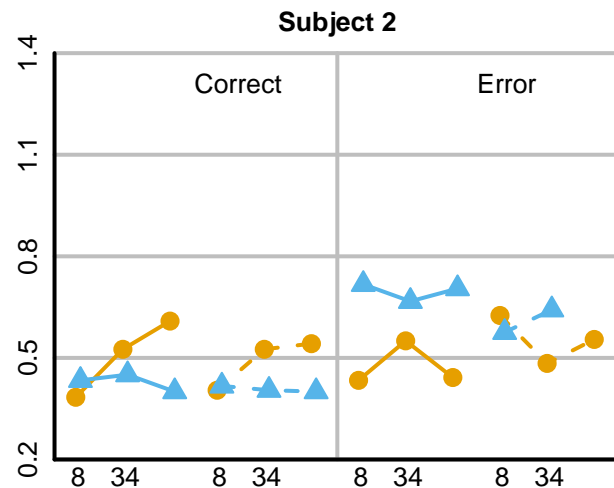

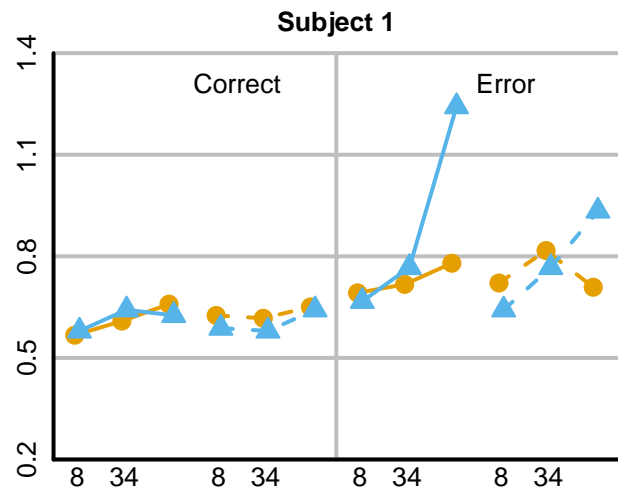

Prime duration

Response time by target type, prime type and duration (Group level)

Response time by target type, prime type and duration (Subject level)

Median RT(s)

- Target primed
- Foil primed
- Left correct
- Right correct

Prime duration
